

For questions please contact psycharchives-help@leibniz-psychology.org

- sorted (mostly) alphabetically by Namespace, Term, Qualifier
- contains only those fields that will be used for December 2018 release

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
8	dc	contributor	advisor	Use primarily for thesis advisor. Either natural person or institution. Titles are omitted.	none	no	Dazzi, Nino	lastname, firstname
9	dc	contributor	author	Author(s) of the item. Either natural person or institution. Titles are omitted. If no author is given, then dc.contributor.other or dc.contributor.editor has to be filled in.	none	no	Rankewitz, Frank	lastname, firstname or institutional name
10	dc	contributor	editor	Editor(s) of the item. Either natural person or institution. Titles are omitted.	none	no	Pfeiffer, Henrike	lastname, firstname
12	dc	contributor	other	Other contributor, i.e. not advisor, editor or author. Either natural person or institution. Titles are omitted.	none	no	University of Trier	lastname, firstname
13	dc	coverage	spatial	Spatial characteristics of content, i.e. entity codes from geonames.org, e.g. 2821164 for city of Trier	none	no	2821164	entity codes from geonames.org

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
14	dc	coverage	temporal	Temporal characteristics of content. For research data, the field contains the date(s) the data were collected. For ranges use format: "DATE:DATE"	none	no	2018 [2017-05-01:2018]	YYYY YYYY-MM YYYY-MM-DD
17	dc	date	accessioned	Date PsychArchives takes possession of the item. Filled automatically by the system.	date and time of upload	no	2018-06-04T14:11:06Z	YYYY-MM-DDTHH:MM:SSZ
18	dc	date	available	Date or date range the item became available to the public without consideration of access rights, i.e. restricted access is also valid. Please note, this field is not used for embargos. Filled automatically by the system.	date and time of upload	no	2018-06-04T14:11:06Z	YYYY-MM-DDTHH:MM:SSZ
20	dc	date	created	Date of creation or manufacture of content if different from dc.date.issued.	none	no	see dc.date.issued	see dc.date.issued
21	dc	date	issued	Date of publication.	none	no	2016 2016-11 2016-11-29	YYYY YYYY-MM YYYY-MM-DD
22	dc	date	submitted	Date of submission to faculty, journal, etc. Recommended for theses/dissertations.	none	no	see dc.date.issued	see dc.date.issued

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
33	dc	description	abstract	Abstract / description.	none	yes	This protocol outlines the process for a systematic review with: a) identifying definitions and conceptualizations of radicalization and its determinants paired with b) investigating respectively, valid measures, quantitative empirical research has brought up to capture the phenomenon in question.	text; no HTML or other markup allowed
134	dc	description	review	Denotes the review status.	unknown	no	reviewed	pick one of: peerReviewed reviewed notReviewed unknown
35	dc	description	sponsorship	Information about sponsoring agencies, individuals, or contractual arrangements for the item.	none	no	Support for this research was provided by the National Science Foundation, grant number 1544273	text
37	dc	description	tableofcontents	A table of contents for the item.	none	yes	Appendix A-Dataset Appendix B-Plots of effect size and sample size Appendix C-PRISMA Statement	text; should be formatted with newlines and spaces no markup possible, e.g. no XML or HTML
38	dc	description	uri	Uniform Resource Identifier pointing to description of this item.	none	no	https://en.wikipedia.org/wiki/Uniform_Resource_Identifier	URI syntax as described in https://en.wikipedia.org/wiki/Uniform_Resource_Identifier
135	dc	description	pubstatus	Denotes the status of the original publication.	unknown	no	acceptedVersion	pick one of: publishedVersion acceptedVersion unkown other
148	dc	description	curation	Classifies the process by which research data is formally described.	none	no	self-archived	possible values: ZPID curated DataWiz - self-archived self-archived
24	dc	identifier	citation	Human-readable bibliographic citation of this item.	none	no	Derwing, T. M., Rossiter, M. J., & Munro, M. J. (2002). Teaching native speakers to listen to foreign-accented speech. Journal of Multilingual and Multicultural Development, 23(4), 245-259.	text; should be in APA style

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
26	dc	identifier	isbn	International Standard Book Number	none	no	978-3-86680-192-9	10 or 13 digit; may be separated with hyphens or spaces
27	dc	identifier	issn	International Standard Serial Number	none	no	1864-6050	NNNN-NNNC where N is in the set {0,1,2,...,9}, a digit character, and C is in {0,1,2,...,9,X};
31	dc	identifier	uri	Uniform Resource Identifier, contains handles, DOIs (as URI, i.e. with resolver) and for some objects URNs.	handle and DOI are supplied by PsychArchives	no	https://hdl.handle.net/20.500.12034/613 http://dx.doi.org/10.23668/psycharchives.817 https://nbn-resolving.org/urn:nbn:de:bsz:291-psydok-5881	Handle format: https://hdl.handle.net/<handle> DOI format: http://dx.doi.org/<DOI> URN format: https://nbn-resolving.org/<URN>
44	dc	language	iso	ISO 639-2/B	und	no	eng ger fre spa	Language of item. Use ISO 639-2/B http://www.loc.gov/standards/iso639-2/php/code_list.php
45	dc	publisher		Entity responsible for publication, distribution, or imprint.	none	no	First publication (Erstveröffentlichungen), e.g. researchData → PsychArchives as publisher Secondary publication (Zweitveröffentlichungen) → original publisher as publisher	text
47	dc	relation	isformatof	Additional physical form.	none	no	https://www.jmir.org/2016/3/e59	citation or URI
48	dc	relation	ispartof	References physically or logically containing item. For conferenceObjects: conference name, year, place, country. For bookParts: citation of the complete book.	none	no	Big Data in Psychology 2018, Trier, Germany	text
49	dc	relation	ispartofseries	Series name and number within that series, if available.	none	no	ZPID Science Information Online	name [number]

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
57	dc	relation	isreplacedby	References succeeding item. See dc.relation.replaces; value is automatically set by system.	none	no	https://doi.org/10.23668/psycharchives.770	URI
51	dc	relation	isversionof	"Other" version of the item. With secondary publications, the field contains the DOI of the publisher's version.	none	no	https://doi.org/10.2196/jmir.4382	URI
53	dc	relation	isbasedon	Original source of the item.	none	no	https://doi.org/10.2196/jmir.4382	Citation or URI
54	dc	relation	isreferencedby	Resource which points to this item.	none	no	https://doi.org/10.5964/spb.v13i4.28302	DOI in URI Format
56	dc	relation	replaces	Preceding item. New editions, which are not an update of an existing item.	none	no	https://hdl.handle.net/20.500.12034/332	URI
55	dc	relation	requires	Referenced resource which is required to support function, delivery, or coherence of item.	none	no	https://github.com/ZPID/SPSS_utils	URI
58	dc	relation	uri	Uniform Resource Identifier for related item. Used to implement the connection between items of different types.	none	no	https://hdl.handle.net/20.500.12034/742	URI
59	dc	rights		Terms governing use and reproduction. Does not contain the actual license for use of the item.	none	no	openAccess	one of: closedAccess embargoedAccess restrictedAccess openAccess

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
60	dc	rights	uri	References terms governing use and reproduction of the item.	none	no	https://creativecommons.org/licenses/by-sa/4.0/	URI to item license
6	dc	rights	license	Contains information about the license under which the item can be used.	none	yes	CC-BY-SA 4.0	text
63	dc	subject		User supplied keywords (uncontrolled index term).	none	no	Replication	text (one instance per index term)
65	dc	subject	ddc	Dewey Decimal Classification Number. The 150 code for psychology is set for interoperability.	150	no		sets used from 'Tabelle 1' from DINI-Zertifikat für Open-Access-Repositorien u Publikationsdienste 2016 retrieved from https://edoc.hu-berlin.de/bitstream/handle/18452/2155
70	dc	title		Title of the item.	none	yes	Why Might An Experiment Not Replicate	text
71	dc	title	alternative	Varying (or substitute) form of title proper appearing in the item, e.g. abbreviation or translation.	none	yes	Personal Belief in a Just World Scale (PBJW)	text

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
72	dc	type		Nature or genre of content.	none	no		pick one of: article preprint book bookPart code conferenceObject courseMaterial researchData image movingImage sound report review test bachelorThesis masterThesis doctoralThesis habilitationTreatise other supplement studyProtocol
144	zpid	identifier	dfk	Contains DFK of PSYNDEX record.	none	no	0262834	7-digit number, references the DFK in PSYNDEX
151	zpid	sourceinfo	articlenumber	Article number as issued by the journal.	none	no	e25025	text
138	zpid	sourceinfo	journaltitle	Title of journal title containing the item.	none	no	Journal of Medical Internet Research	text
140	zpid	sourceinfo	issue	Issue number of the journal containing the item.	none	no	4	arabic digit
141	zpid	sourceinfo	pages	Page numbers of the original article.	none	no	13-35	arabic digit hyphen arabicdigit
142	zpid	sourceinfo	publisher	Publisher of original publication.	none	no	Hogrefe	text
139	zpid	sourceinfo	volume	Volume of the journal containing the item.	none	no	2	arabic digit

Nr	Namespace	Term	Qualifier	Description	Default value	Language dependent values	Examples	Value format
149	zpid	tags	visible	Contains user or ZPID supplied tagging which is visible and can be used for filtering or searching.	none	yes	preregistration	text (one instance for each tag)
150	zpid	tags	invisible	Contains user or ZPID supplied tagging which is not displayed in the interface, but is usable for filtering or searching.	none	yes		text (one instance for each tag)
147	wgl	wglsubject		Should contain one (or more) entries, as defined in the Leibniz Subject Classification. For interdisciplinary publications several entries have to be made.	none	no	Psychologie	use classification listed in 'Anhang' of http://www.leibnizopen.de/fileadmin/user_upload/documents/Umsetzungshinw (one instance for each subject)
146	wgl	wglcontributor		Should contain the abbreviation of the author's facility within the Leibniz Association. Different facilities make several entries .	none	no	ZPID IWM	use abbreviation listed at https://www.leibniz-gemeinschaft.de/en/institutes-museums/all-institutions/ (one instance per facility)
