PsychArchives Metadata Schema

For questions please contact psycharchives-submission@leibniz-psychology.org
- sorted (mostly) by namespace.term.qualifier
- contains metadata fields for Digital Research Object (DRO) objects

Metadata field	Displayname	Description (as used in Submision Assistant)	Default value	Example	Value format
dc.contributor.advisor	Advisor(s)	If applicable, who was the advisor? Can be either natural person(s) or institution. Titles are omitted.	-	Dazzi, Nino	lastname, firstname or institutional name
dc.contributor.author	Author(s) / Creator(s)	Who is the author or creator? Can be either natural person(s) or institution. Titles are omitted.	-	Rankewitz, Frank	lastname, firstname or institutional name
dc.contributor.editor	Editor(s)	Who is the editor? Can be either natural person(s) or institution. Titles are omitted.	-	Pfeiffer, Henrike	lastname, firstname or institutional name
dc.contributor.other	Other kind(s) of contributor	Is there any other kind of contributor, i.e. not advisor, author or editor? Can be either natural person(s) or institution. Titles are omitted.	-	Montada, Leo	lastname, firstname or institutional name
dc.coverage.temporal	Temporal coverage	Does the content refer to a specific date or timeframe? For research data, this field contains the date(s) the data were collected. For ranges, use format: 'DATE:DATE'.	-	2016 2016-11 2016-11-29 [2017-05-01:2018-11-20]	YYYY YYYY-MM YYYY-MM-DD [YYYY-MM-DD:YYYY-MM-DD]
dc.date.accessioned	PsychArchives acquisition timestamp	Date PsychArchives takes possession of the object. Filled automatically by the system.	date and time of upload	2018-06-04T14:11:06Z	YYYY-MM-DDTHH:MM:SSZ
dc.date.available	Made available on	Date or date range the object became available to the public without consideration of access rights, i.e. restricted access is also valid. Please note, this field is not used for embargos. Filled automatically by the system.	date and time of upload	2018-06-04T14:11:06Z	YYYY-MM-DDTHH:MM:SSZ
dc.date.created	Creation date	When was the content created or manufactured? For ranges, use format: 'DATE:DATE'. Note that this information is different from the date of first publication.	-	2016-11-29 [2017-05-01:2018-11-20]	YYYY-MM-DD [YYYY-MM-DD:YYYY-MM-DD]
dc.date.issued	Date of first publication	What is the date of first publication? Unless this DRO has been published elsewhere before, today's date is correct. If our internal review process takes more than a day, thus delaying the publication, the date will be set to the day of publication.	-	2016-11-29	YYYY-MM-DD
dc.date.submitted	Submission date	When was the thesis submitted to faculty? If applicable, when was the preprint submitted to a journal?	-	2016 2016-11 2016-11-29	YYYY YYYY-MM YYYY-MM-DD

PsychArchives Metadata Schema

  - sorted (mostly) by namespace.term.qualifier
  - contains metadata fields for Digital Research Object (DRO) objects

Metadata field	Displayname	Description (as used in Submision Assistant)	Default value	Example	Value format
dc.description.abstract	Abstract / description	Please insert an abstract / description.	-	Easily comprehensible summaries of psychological studies, so-called plain language summaries, can be a powerful tool for communicating findings of scholarly articles to a wider audience. However, even though an APA Task Force on Translating Psychological Science for the Public published recommendations on this issue in 2014, our knowledge on how effective these lay summaries are for communicating findings of individual psychological studies to broader audiences is at best limited. Within this protocol, we preregister a study that will address three research questions on the effectiveness of plain language summaries, their properties, and the interaction of these properties with individual differences.	text; no HTML or other markup allowed
		Please insert an abstract / description. For code, this field may also contain the bibliographic reference of the referencing publication: Code for: <Bibliographic reference of article>		Code for: Jensen, A., Merz, S., Spence, C., & Frings, C. (2019). Interference of irrelevant information in multisensory selection depends on attentional set. Attention, Perception, & Psychophysics. https://doi.org/10.3758/s13414-019-01848-8	
		Please insert an abstract / description. For supplements, this field may also contain the bibliographic reference of the referencing publication: Supplementary materials for: <Bibliographic reference of article>		Supplementary materials to: Montgomery, S. A., Blankenship, B. T., & Stewart, A. J. (2023). When small acts are multiplied: Assessing everyday social justice behaviors. Journal of Social and Political Psychology, 11(2).	
		Please insert an abstract / description. For research data, this field may also contain the bibliographic reference of the referencing publication: Dataset for: <Bibliographic reference of article>		Dataset for: Andrea B. Schote, Clara A. L. Sayk, Kathrin Pabst, Jacqueline K. Meier, Christian Frings, Jobst Meyer (2018). Sex, ADHD symptoms & CHRNA5 genotype influence reaction time but not response inhibition. In: Journal of Neuroscience Research.	

PsychArchives Metadata Schema

Metadata field	Displayname	Description (as used in Submision Assistant)	Default value	Example	Value format

dc.description.pubstatus	Publication status	What is the publication status of your DRO(s)?	unknown	acceptedVersion	Possible values:
					  publishedVersion
					  acceptedVersion
					  unknown
					  other

dc.description.review	Review status	What is the review status of DRO(s)?	unknown	reviewed	Possible values:
					  peerReviewed
					  reviewed
					  notReviewed
					  unknown

dc.description.sponsorship	Sponsorship	Please insert information about sponsoring agencies, individuals, or contractual arrangements for your DRO(s).	-	Support for this research was provided by the National Science Foundation, grant number 1544273	text

dc.description.tableofcontents	Table of contents	Please insert a table of contents for your DRO(s). Please note that the text cannot be structured by line breaks because markup is not possible.	-	Dataset A: Preschool sample; Dataset B: School sample; Codebooks for datasets A and B	text;
					  should be formated with newlines and spaces
					  no markup possible, e.g. no XML or HTML

dc.description.uri	External description on another website	Please insert a URI pointing to a description of the DRO(s).	-	https://en.wikipedia.org/wiki/Uniform_Resource_Identifier	URI syntax as described in https://en.wikipedia.org/wiki/Uniform_Resource_Identifier
dc.identifier.citation	Citation	If you wish, you may suggest a specific human-readable bibliographic citation for your DRO. Otherwise, citation suggestions in a variety of styles are automatically generated through PsychArchives.	-	Derwing, T. M., Rossiter, M. J., & Munro, M. J. (2002). Teaching native speakers to listen to foreign-accented speech. Journal of Multilingual and Multicultural Development, 23(4), 245-259.	text
dc.identifier.isbn	ISBN	Does the DRO already have an International Standard Book Number?	-	978-3-86680-192-9	10 or 13 digit; may be separated with hyphens or spaces
dc.identifier.issn	ISSN	Does the DRO already have an International Standard Serial Number?	-	1864-6050	NNNN-NNNN
