Les adeptes de cette couleur sont des créatifs extravertis et débordants d'énergie, indépendants dans leur façon d'agir et de penser. Ils aiment s'amuser, ont une vie sociale riche et beaucoup d'amis. D'un caractère agréable, ils n'en paraissent pas moins superficiels et inconstants. L'orange est la couleur de la jeunesse, de la force, de la curiosité et du mouvement.

Vous aimez... le jaune

Joie de vivre, sagesse, imagination sont quelques-unes des qualités auxquelles le jaune fait écho. Il va de pair avec des personnalités rayonnantes et drôles. Visionnaires, les personnes dont il s'agit de la couleur préférée ont un mental d'aventureux, sont en quête perpétuelle de renouveau et d'accomplissement de soi. Visionnaires, dotées d'un sens aigu des affaires, elles ont une grande capacité à inspirer et à motiver leur entourage. Les personnes aimant le jaune ont une bonne opinion de leurs propres capacités mentales et un idéal élevé bien souvent. Elles peuvent parfois éluder leurs responsabilités, préférant la liberté de pensée et d'action.

Vous aimez... le bleu

Votre couleur préférée est le bleu ? Il y a donc des chances que vous soyez doux, apaisant et bienveillant mais aussi persévérant et consciencieux. Les personnes préférant cette couleur à toutes les autres sont sensibles et dotées d'une grande capacité d'empathie. Maîtresses d'elles-mêmes, elles font généralement confiance à leur intuition et sont admirées pour leur stabilité et leur sagesse. Le bleu étant la couleur du devoir, elles prennent par ailleurs leurs responsabilités très au sérieux. En revanche, elles se montrent parfois inflexibles, anxieuses et trop prudentes.

Vous aimez... le violet

C'est la couleur par excellence des rêveurs, des personnes plus spirituelles que matérielles. Le violet a des vertus apaisantes sur les esprits : elle permet de calmer certaines émotions, de réfréner des colères ou des angoisses. Les personnes l'appréciant particulièrement sont généralement altruistes, généreuses et dotées d'un sixième sens très aiguisé. À l'écoute de leur voix intérieure, se montrant parfois distantes, et non-conventionnelles, elles semblent parfois vivre dans un monde imaginaire.

Vous aimez... le vert

Symbole d'espoir, de renouveau et de paix, d'harmonie et d'équilibre, le vert est généralement apprécié des personnes douces et sincères, faisant preuve de beaucoup de compassion. Ces personnes sont également franches et relativement sociables bien que la solitude ne les dérangent pas. Modestes et patientes, elles ont aussi parfois tendance à s'effacer. Résultat, elles peuvent être exploitées par des personnes mal intentionnées. Elles sont en général raffinées, polies et dignes de confiance. D'ailleurs, elles sont souvent sollicitées pour leurs conseils ou leur côté rassurant.

Vous aimez... le marron

Une personne dont la couleur préférée est le marron a souvent traversé des expériences éprouvantes qui l'ont fait murir, peut-être plus rapidement que prévue. Endurante, patiente, solide et consciencieuse, fiable et un brin conservateur, c'est quelqu'un de sympathique et de généreux. Si votre couleur de prédilection est le marron, prenez garde à votre tendance à être obstinée et inflexible.

Vous aimez... le gris

C'est la couleur de la prudence et des compromis. Le gris est généralement apprécié des personnes logiques et peu émotives, objectives et maîtresses d'elles-mêmes en toutes circonstances ; des traits de caractères qui sont d'ailleurs la clé de leur succès professionnel. En prenant de l'âge, ces personnes aspireront de plus en plus à une vie stable et sans surprise. Quant aux plus jeunes, ils peuvent vivre incomplètement et en masquant leur véritables personnalités ou objectifs.

Vous aimez... le noir

Les personnes aimant le noir excellent souvent dans le domaine des médias ou de la finance. À la fois dignes, disciplinées et impressionnantes, sans être ostentatoires pour autant, elles sont nimbées d'une aura mystérieuse (et revendiquée) et savent comment impressionner leur entourage.

Vous aimez... le blanc

Il symbolise généralement la pureté, l'innocence et la naïveté. Cette (non)-couleur va de pair avec une personnalité originale et attentive, un brin rêveuse. Chez les personnes d'un certain âge, la préférence pour le blanc peut révéler un désir de perfection et d'idéaux impossibles, ou un souhait de retrouver la jeunesse et la fraîcheur perdues. Il peut également symboliser un désir de simplicité ou de vie simple.

Bekennen Sie Farbe: Was Ihre Lieblingsfarbe über Ihre Persönlichkeit aussagt (que dit votre couleur préférée sur votre personnalité)

Rot

steht für Energie. Menschen mit der Lieblingsfarbe Rot sind sehr begeisterungsfähig und tatkräftig. Sie sehen ein Ziel klar vor sich und wollen es auch erreichen – unbedingt! Dabei können sie ganz schön kompromisslos sein und sich über andere hinwegsetzen. Direkt und ungeschönt sagen sie, was sie denken und vergessen dabei ab und zu, dass ihre Worte verletzend sein können. Ihre große Energie müssen sie auch körperlich ausleben, durch Sport. Stillstand ist das Schlimmste, was ihnen passieren kann. Kommen sie nicht weiter, können sie ganz schön ausrasten.

Tipp: Wenn Sie unter Strom stehen, dann versuchen Sie es doch einmal mit der abkühlenden Kombination von Weiß oder Dunkelgrün!

Blau

steht für Entspannung, aber auch für Sachlichkeit und geistige Stärke. Menschen, die Blau lieben, sind oft talentierte Geschäftsleute und haben beruflich viel Erfolg. Meist sind sie auch etwas konservativ, schätzen das Bewährte. Eine Vorliebe für besonders dunkles Blau zeugt von besonderer innerer Stärke und Offenheit. Sie fühlen sich selten verunsichert. Werden Sie z.B. mit starken Gefühlen konfrontiert, können Sie damit sehr gut umgehen.

Tipp: Wenn Sie zur Melancholie neigen, sollten Sie Blau mit Orange oder einem Gelb kombinieren.

Violett

steht für Idealismus und Sensibilität. Diese Mischung aus Rot und Blau vereint Gegensätze – das energiegeladene Rot trifft auf kühles, entspannendes Blau. Menschen, die Violett bevorzugen, haben hohe Ansprüche an sich selbst und glauben an das Gute im Menschen. Ihre Empfindsamkeit macht sie empfänglich für alles, was mystisch und geheimnisvoll ist. Trotzdem haben sie eine gute Portion Durchhaltevermögen, sie lassen sich kaum von ihrem Weg abbringen, wenn sie davon überzeugt sind. Ihre sensible Seite liegt ein wenig im Widerspruch mit ihrem Geltungsbedürfnis. Sie wollen ernst genommen werden.

Tipp: Wenn die Sensibilität in Überempfindlichkeit umschlägt, sorgt Beige oder Creme-Weiß für etwas Distanz und mehr Erdung.

Grün

steht für Zuverlässigkeit und Ausdauer. Die Farbe symbolisiert Leben und Hoffnung. Menschen, die Grün lieben, zeichnen sich vor allem durch ihren unerschütterlichen Optimismus aus. Sie sind praktisch veranlagt und konzentrieren sich gerne aufs Wesentliche. Träumereien sind ihnen fremd. Nicht, dass sie gefühllos wären, im Gegenteil, sie sind sehr mitfühlend. Grün-Liebhaber sind gute Freunde, die zuhören können. Sie sind auf Sicherheit bedacht und legen Wert auf eine gute materielle Basis.

Tipp: Kombinieren Sie je nach Stimmung dunklere Grüntöne oder ein kräftiges Gelb mit Ihrem Lieblings-Grün. Das dunklere Grün hilft, sich zu konzentrieren, das Gelb sorgt für mehr Leichtigkeit.

Gelb

steht für Heiterkeit, Reife und natürlich die Sonne. Fröhlichkeit ist die Grundstimmung von Menschen, die Gelb lieben. Vielseitigkeit und Großzügigkeit machen sie zu angenehmen Zeitgenossen, die viel Wert auf Toleranz legen. Sie gewähren sie gern und ohne Hintergedanken, denn sie lieben ihre Unabhängigkeit. Trotzdem sind sie keineswegs egoistisch und leichtfertig. Gelb-Fans sind gute Gesprächspartner und geben ihrem Gegenüber oft etwas Positives mit, weil sie selbst so positiv denken. Grübeleien und Unentschlossenheit kennen diese Menschen nicht. Doch das führt jedoch manchmal zu vorschnellen Entscheidungen.

Tipp: Manchmal gerät die Leichtigkeit zum Leichtlebigkeit – dann sorgt etwas erdiges Braun für mehr Gewicht!

Braun

steht für Bodenständigkeit, Fleiß und Freigebigkeit. Menschen, die Braun lieben, sind erdverbundene Naturen, die gerne im Freien sind. Sie wirken rundum sympathisch und sind zuverlässige Partner und Freunde, die starken Halt und viel Ruhe geben können. Sie haben einen Sinn für alles Nützliche, was sich z.B. auch bei ihren Hobbys zeigt. Sie haben eine Neigung zu handwerklichen Dingen. Geistige Höhenflüge betrachten sie immer ein wenig misstrauisch, Aufgeregtheit und hektische Betriebsamkeit sind ihnen fremd. Doch sie sollten nicht vergessen, dass Veränderung auch positive Seiten hat.

Tipp: Wenn die Schwere des Brauns zu erdrückend wird, geben Sie mit Gelb, Grün oder Rot kontra!

Weiß

steht für Klugheit und Bescheidenheit, für Reinheit und das Gute. Es ist neutral und passt daher zu allen anderen Farben. Anders gesagt: Mit Weiß kann man fast nichts falsch machen. Darum bemühen sich auch Menschen, die Weiß lieben: Sie sind korrekt, planen sorgfältig und mögen keine Überraschungen. Das Spontane liegt ihnen weniger. Ihr Naturell ist zurückhaltend, aber freundlich. So begegnen sie ihrer Umwelt – ohne Vorurteile und mit dem festen Glauben an das Gute. Das ist schön, kann aber manchmal auch dazu führen, dass sie ausgenutzt werden. Wenn sie das merken, reagieren Weiß-Liebhaber kühl und abweisend.

Tipp: Wählen Sie ab und zu eine warme Farbe wie Rot oder Orange zu Ihrem geliebten Weiß, das gibt Energie.

Orange

steht für Kraft, Freude und Geselligkeit. Sie heitert den grauen Alltag auf und wird in der Farbtherapie zur Aktivierung des Immunsystems genauso gebraucht wie bei seelischer Erschöpfung. Menschen, die Orange lieben, verfügen über viel positive Energie. Sie reißen andere mit und stecken sie mit ihrer Lebens- und Genussfreude an. Ab und an schlagen sie mit ihrem optimistischen Wesen über die Stränge, dann werden sie von ihrer Umgebung als laut, aufdringlich und manchmal auch angeberisch empfunden, obwohl das gar nicht so gemeint war.

Tipp: Wenn Sie merken, dass Sie es mit dem Frohsinn gerade übertreiben, kombinieren Sie Orange mit kühlem Weiß, leichtem Creme oder einem Grün-Ton.

Grau Schwarz

steht für Würde und Bedeutung, wirkt unergründlich und faszinierend, aber auch ein wenig bedrohlich und schwer. Schwarz, so glauben Menschen, die es lieben, passt immer. Es bedeutet für sie die Konzentration auf das Wesentliche. Sie wollten ernst genommen werden, seriös wirken und sich ein wenig bedeckt halten. Sehr wichtig ist ihnen Respekt und Erfolg. Sie sind loyal, Treue und Verlässlichkeit sind ihnen im Berufs- wie im Privatleben wichtig. Doch hinter dem Schwarz stecken auch Selbstzweifel, ob das Leben wirklich vor allem Pflichterfüllung und Erfolgsstreben bedeutet.

Tipp: Mildern Sie das strenge Schwarz mit etwas Blau oder Grün auf. Aber auch warme Farben wie Rot oder Orange tun gut.
